*Castello di Petrata has been owned and lovingly restructured by our family since acquiring it in 1997 before which, the structure had been abandoned for over 50 years. Our parents have put so much love and passion into the restructuring and renovation of the castle and the results speak for themselves... pure satisfaction both for ourselves and our guests. It has now been a number of years in which we have managed the Castello and we have had the pleasure of organizing countless weddings for couples from all across the globe. This is something that we take great pleasure in.. bringing so many moments of incredible happiness to our grounds.*

*After over 15 years of experience in the business, we have come to understand the importance of gifting our couples as well as their guests a complete experience from the moment of arrival all the way through to departure. For this reason, we find it fundamental to organize a wedding over a number of days allowing for many moments of joy and fun, allowing for our extraordinary culture and food to be brought into the mix which all come together to create our unique experience for your guests.*

*From the moment they arrive, your guests will feel at home and we make it our mission to welcome them into our structure and gift you all a wedding experience to remember with an unmistakable Italian touch- food to tease your tastebuds, sun to brighten each day, sunsets to leave you speechless, our gardens to gift colour and beauty to everything you see...*
